1. The following roads and bridges in Hungary are being repaired and rebuilt in such a way (thickness, width, strength of bridges, etc.) that informant is convinced they are being prepared solely for military purposes. This repair and reconstruction work is being carried on at a speed which indicates that it has been given a high priority by the Soviet and Hungarian authorities.

- a. Budapest-Ercsi-Dunafoldvar-Szekszard-Mohacs
- b. Mohacs-Pecs
- c. Budapest-Pecs
- d. Miskolc-Kassa
- e. Szolnok-Debrecen
